

Waterloo Start

Coming to University and learning about it can be pretty confusing. To make it easier, WaterlooStart brings everything available to you together into one location.

Principles of Wellbeing

Connect

This section will guide you through all the services Waterloo offers to connect with your peers, professors, and personal finances.

Be Active!

As a new student, you might find yourself very busy with your studies but it is important to maintain a healthy lifestyle! Check out what Waterloo offers for your physical wellbeing.

Take Notice

Be curious, remark on the unusual, notice the changing seasons, savour the moment! This section will familiarize you with Waterloo's campus map through a series of exploration quests.

Keep Learning

Waterloo offers many programs for students to become successful. Try something new and discover the resources available to you that will help you grow throughout your studies at UW.

Give

Do something nice for a friend, or a stranger! Join a club or student society. Create positive connections with the people around you!

Your Profile

This section keeps track of what you have accomplished including the points you have earned. These points can be turned into Flex Dollars!

Progress Wheel

Track your progress as you close your progress wheel! The more activities you complete, the more complete the circle. When the circle closes, you rank up to the next badge!

Badges

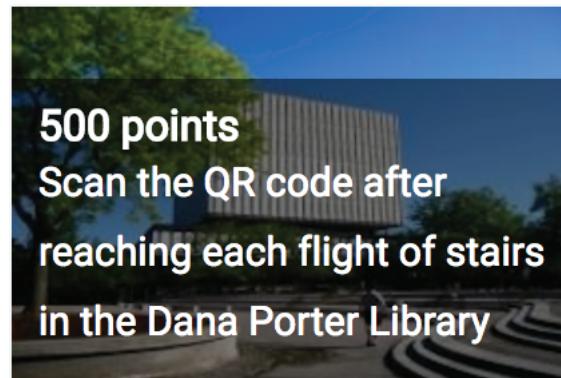

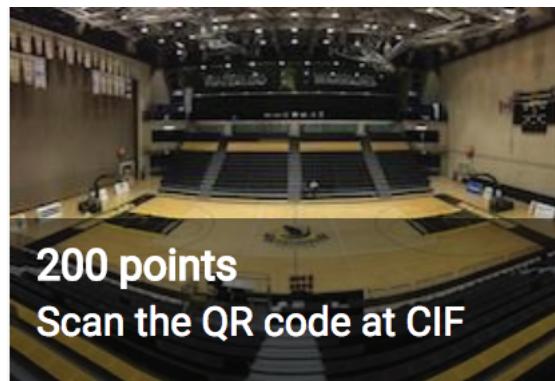

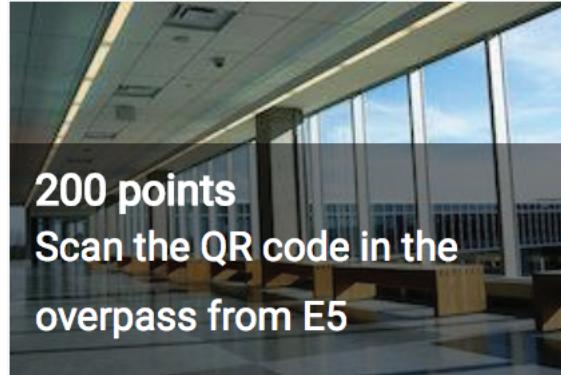

As you complete more and more activities and upload your progress to the website, you accumulate points. The more you earn, the higher your rank goes, earning you badges. Badges entitle you to a higher chance of getting a 5% discount at all services on campus. Reach the benchmarks for bronze, silver, and gold to get higher and higher. Top the leaderboards and earn extra discounts!
